Muhammad Naveed

Nationality: Pakistani **Date of birth:** 03/10/2003 **Gender:** Male

Phone number: (+92) 03485202984

Email address: naveedali786aziz@gmail.com

LinkedIn: https://www.linkedin.com/in/ai-expert

Home: Punjab ,(Pakistan), (Pakistan)

EDUCATION AND TRAINING

Bachelors in Geo-informatics (GIS & Remote Sensing)

Arid Agriculture University [2020 – 2024]

City: Rawalpindi | **Country:** Pakistan | **Website:** https://www.uaar.edu.pk/index.php | **Final grade:** 3.11/4.0 (CGP) | **Number of credits:** 127+ | **Thesis:** FYP: Urbanization's Impact on Societies Using Geo-Spatial Techniques

Core Course:
GIS Mapping, Geo-statistics, Remote Sensing, Photogrammetry, Spatial Data Analysis & Visualization, GIS Programming, Hyperspectral RS, SDI, Webgis, Cartography, Fundamentals in GIS&RS, GPS, Introduction to Computer Programming, Statistic Probability, Surveying, Introduction Python & JavaScript, SQL

SKILLS

Technical Skills

Technical Skills: Satellite Remote Sensing | LiDAR Remote Sensing | Analytical skills | Graphical Representation Drafting| GIS Analysis|Geographic|Mapping|Data Collection | Database compiling | Digitizing skills | Satellite Imagery Download

Programming Language: Data Structures | Python (Programming Language) | R Programming | Database | MapReduce | Cascading Style Sheets (CSS) | HTML | Big Data | Machine Learning | JavaScript

Soft Skills: Critical thinking | Data management | Adaptability | Teamwork | GIS Analysis | Leadership | Problem Solving

SOFTWARE: ArcGIS Pro | ArcMap| ArcGIS Desktop |QGIS|ERDAS IMAGINE| Anaconda | Jupiter Notebook | Git & GitHub

WORK EXPERIENCE

GIS ASSISTANT

TechGIS Private Limited [01/2023 – 06/2023]

City: Islamabad | **Country:** Pakistan

My activities and responsibilities:-

1. The Old Land Record System (Patwari system) in Pakistan is a big challenge to transfer to the digital land record system (Digital Patwari System)

2. My Work as a GIS Assistant has a key role in Cadastral Mapping to maintain accurate land parcel information
3. Data Collecting, compiling, or integrating Geographic Information Systems (GIS) and managing geodatabase, remote sensing, or cartographic data
4. Using BOR data, performing mocking, Georeferencing, Digitization, and updating cadastral maps depicting property boundaries, ownership details, and other relevant features.
5. Perform quality control checks on spatial data to identify and rectify any errors or inconsistencies

GIS SURVEYOR

Greenage Services Pvt.Ltd Islamabad (PAKISTAN) [04/2022 – 12/2022]

City: Islamabad

My activities and responsibilities:-

1. Georeferencing the Mouzas map is challenging for GIS experts, it needs to require GCP to accurately georeference on Satellite imagery
2. Conducted land surveys accurately measuring and marking the boundary of cities, towns, etc, and maintained ownership of land parcel
3. I have collected the Ground control Points (GCP) using GPS use for georeferencing
4. Created cadastral maps and thematic maps for land use visualization and analysis

INTERNSHIPS

GIS ANALYST (INTERN): (Pakistan Meteorological Department PMD)

My Activities and Learning Outcome:-

1. Gained and mastered the skill of GEEMAP using Python API to collect datasets, visualize, interpret, and perform spatial analysis
2. Performed statistical and spatial analysis on large datasets to assess crop health and estimate crop yield
3. Developed strong skills in applying advanced analytics techniques, such as machine learning and spatial analysis, to extract insights from crop data

FRONTEND WEB GIS DEVELOPER (INTERN) YMG STARTUP UNDER (PBIT)

My Activities and Learning Outcome:-

1. I developed a website as part of the YMG startup initiative By PBIT, focusing on showcasing population decline in countries with low birth rates.
2. Designed and implemented interactive maps to visualize population trends using HTML, CSS, and JavaScript.
3. Managed social media accounts across multiple platforms (Twitter, Instagram, Facebook, and LinkedIn).Monitored social media metrics and analytics to track engagement and adjust strategies

PROJECTS

Semester Projects

1. Deep Learning-Based Pool Detection for Property Assessment Enhancement using Arcgis pro
2. Suitability Modeling for Carbon-Neutral Headquarters using Arcgis pro
3. U.S Election Result for Predictive Analysis using sci-kit learn python
4. LU/LC Classification Using Sentinel-1A Data, Landsat8, PlanetScope use machine learning Algorithm
5. Groundwater Potential Mapping Using Weighted Overlay Analysis in Pothohar Region

6. Time Series Analysis of NDVI, NDBI, and NDWI using GEE
7. Watershed Delineation Analysis Distract swat using the GIS Technique
8. Flood Inundation Mapping in 2022 using Google Earth Engine (GEE)
9. Glaciers Simulation Modeling using Python
10. Landslide and Flood Hazard Analysis Using ArcMap

COURSES

Online Courses | MOOC

Spatial Data Science(Online) - Environmental Systems Research Institute(**ESRI**) (6 Weeks)
Imagery and GIS (Online) - Environmental Systems Research Institute (**ESRI**) (6 Weeks)

Artificial Intelligence (Navttc) -National Center of Artificial Intelligence (**Nust**) (6 Months)

R programming with Ammar (Online) - Codanics learning platform (**codanics**) (3 months)

LANGUAGE SKILLS

English (B2 Level)

I can communicate both verbally and non-verbally. I can write research reports, formal letters, and emails. I can present research at international workshops and communicate with diverse groups

RECOMMENDATIONS

Name: **Dr. Muhammad Amin** | Assistant Professor
Institute of Geo-Information & Earth Observation,
PMAS Arid Agriculture University Rawalpindi
Email: m.amin@uaar.edu.pk | **Phone number:** (+92) 3217210752

Name: **Dr. Fiaz Hussain** | Assistant Professor
Department of Agricultural Engineering, FAE&T
PMAS-Arid Agriculture University

Email: engr.fiaz@uaar.edu.pk | **Phone number:** (+92) 3065508264
